

## Paradox of Development and Discrimination

Sex-ratio Imbalance Level of Development	Feminine sex ratio	Masculine sex ratio
High - Medium	Kerala Goa Mizoram	Punjab Haryana
Medium - Low	Tribal Societies of Madhya Pradesh	Uttar Pradesh Bihar (seemingly balanced)

Adapted from a paper *Unpacking the Juvenile Sex Ratios in India* presented by Dr. Satish B. Agnihotri I.A.S., Secretary (Women and Child Development), Govt. of Orissa at Uttara Devi Resource Centre for Gender and Development/Madras Institute for Development Studies, Chennai on 24 November, 1998
